

Garden Checklist

1. Disbudding dahlias will produce larger blooms from the buds left.
2. Feeder roots of most shrubs are not near the trunk but out around the so called "drip line." Remember this when using plant food.
3. Clay pots dry out less quickly if you double pot them. Use a larger pot outside the smaller one which holds the plant.
4. Spray roses regularly. Feed them at least once each month during growing season and keep faded blooms picked off.
5. Primroses are better divided now than later in fall. Shasta daisies are better divided in spring. Simply cut them back after bloom this summer.

Redlands Prof Next Speaker at Lecture Forum

The newly formed South Bay Lecture Forum is well on its way presenting outstanding speakers to capacity audiences. In June, Dr. Harold Sherman, noted author and lecturer spoke on "Thoughts Through Space" and in July John Morely, international reporter and lecturer spoke on "This is the Road to Peace."

On August 18, William R. Parker, Ph.D., associate professor of speech at the University of Redlands, will have as his subject, "The Problem is in the Mirror."

DR. PARKER is a widely known author and speaker on speech correction and is called "a master of psychology" by many of his students. Dr. Parker bases his speech therapy on the premise that many speech defects in individuals have psychological roots. Dr. Parker is the author of the book "Prayer Can Change Your Life." He will explain why "the problem is in the mirror" and what can be done about it.

The South Bay Lecture Forum is an organization formed for the purpose of bringing to the South Bay area outstanding speakers in liberal arts and culture, metaphysics, psychology, world events, and related subjects. Everyone is invited to attend these lectures and hear speakers one often travels miles to see.

LECTURES ARE to be scheduled monthly for 8 p.m. on Friday evenings in the auditorium of the Redondo-Torrance Church of Religious Science, 907 Knob Hill Ave. at Prospect. Tickets may be obtained at the door.

Sen. Kuchel To Provide L.A. Office

To provide greater assistance for residents of Southern California with problems involving Congress and Federal agencies, U.S. Senator Thomas H. Kuchel of California has opened a regional office in the Los Angeles Federal building. Until the senator returns to California following final adjournment of Congress, the office will be directed by Mrs. Virginia Savell, a resident of South Pasadena, and active in civic and public affairs. During the fall recess of Congress, Mrs. Savell will be joined by other members of Senator Kuchel's Washington, D.C., staff.

The Los Angeles office will be open Mondays through Fridays, Senator Kuchel announced.

Forum for GOP Candidates Seen In Local Areas

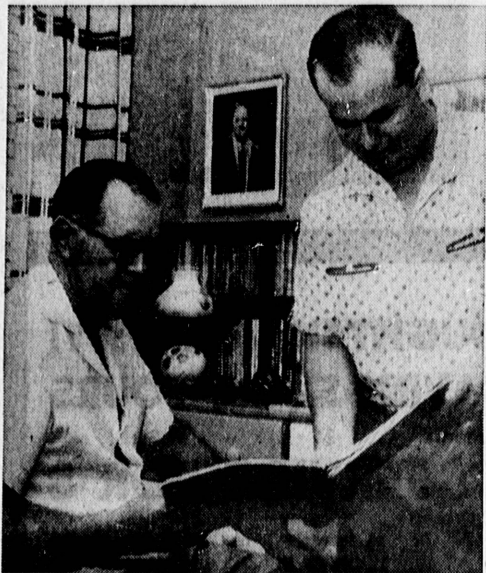

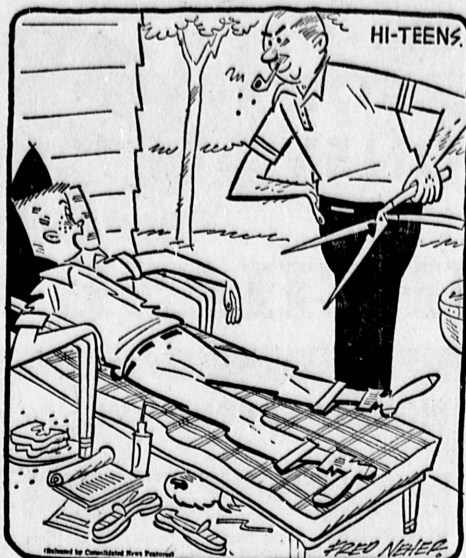

A forum at which all GOP candidates for constitutional office could present their views and programs to the precinct workers and other volunteers has been proposed by the Los Angeles County United Republican Precinct Organization, Bob King, 17th Congressional District precinct chairman, reports.

Regional candidate conferences were recommended last week at a campaign meeting of California County Central Committee Chairmen and volunteer representatives, held in Los Angeles. Taking the first step toward such a conference in this area, the Precinct Committee voted unanimously July 31 to cooperate with the Republican Central Committee of Los Angeles County if they decide to go ahead with this program.

"SOME PEOPLE say this isn't practical politics. It's practical if you want to get people enthusiastic and ready to work together to put their candidate over," King asserted.

"The precinct workers and all other grassroots volunteers who do the jobs that elect our candidates have to feel they're part of the team. Whoever our candidate is, experience shows he will need the united support of the rank-and-file. This is the way to get it."

"If the grassroots Republicans are taken into the party councils, and have a voice in selecting their candidates in a really open primary, the precinct organization will be solidly behind the GOP standard-bearer in '62," King concluded.
